

Kim Martucci, Master of Ceremonies

Gaithersburg is delighted to welcome meteorologist Kim Martucci of W*USA – 9 News Now as Master of Ceremonies for our 70th Annual Labor Day Parade. This seasoned weather woman, who tells us that her number one hobby is chasing tornadoes, joined the 9 News Now team in 2005 after working on-air in Wilkes-Barre, Pennsylvania, Boston Massachusetts, Buffalo, New York, Huntsville, Alabama, and Chattanooga, Tennessee.

Ms. Martucci holds a degree in meteorology from Cornell University, and is a member of the American Meteorological Society, the National Weather Association, Women in Natural Sciences, and Women in Science and Engineering. She is an ardent supporter of science and math education and enjoys being active in the community, especially encouraging young women to get involved in the sciences. She has been featured in two video programs that help teachers and students learn about math and meteorology, demonstrating how she solves the statistical problems of predicting weather.

Watch 9 News Now weekday mornings to see Ms. Martucci in action.
